SUMMARY

I am a committed web developer with one year of practical experience in building user-centered, dynamic applications. I'm highly knowledgeable in developing seamless web and mobile experiences, and I'm also skilled in React and React Native. Furthermore, I have expertise of Flutter, which enables cross-platform programming. I am also proficient in design tools like Figma, which allows me to effortlessly connect design and development. My experience in manual testing equips me to ensure the greatest level of quality in all of my projects.

SKILLS

Technologies: React js, React Native, Flutter, Wordpress, Mannual Testing, Figma, Git

Programming Languages: HTML, Css, Java Script

CERTIFICATES
